

Across Europe children are at risk from many forms of violence. Working together across professions and borders is vital to protecting children.

Child Circle is a non-profit centre of expertise on children's rights and child protection. Working with a wide range of partners, we support professionals and organisations who work to protect children against violence in more than 20 European countries.

Join us in helping protect children from violence, abuse and exploitation!

How will your support for us help children?

A 13-year-old girl has been sexually abused by her uncle's friend and she has finally found the courage to tell a teacher. Your donation will contribute to training and tools that help police officers, social workers, legal professionals and health professionals work together to prevent further trauma to the girl during criminal proceedings and to get her and her family the right assistance.

A 14-year-old boy who has travelled alone from Eritrea to Italy. He is homeless and wants to **join his brother in Sweden.** Your donation will help us support guardians and lawyers to work together so that the boy receives adequate support, care and legal advice.

A 16-year-old boy, who has **dropped out of school** and has **difficult family circumstances has been accused of** taking part of a shop robbery. He is **detained and awaiting court proceedings.** Your donation will support us to ensure that his circumstances are considered properly before, during and after trial. And that the right measures are taken to protect his rights and get him on the right track.

In just over four years, Child Circle has been a partner in seven projects selected for support by the EU or regional foundations. We have contributed to regional consultations, training and reports to prevent and address violence against children. Learn more about our work at www.childcircle.eu.

We want to achieve more. With your generous donation, we will continue and expand our work to support judges, lawyers, doctors, social professionals, policy makers, IGOs, NGOs and academics to improve children's lives in Europe through child-friendly and effective support and assistance.

If you wish to contribute, please visit <https://childcircle.eu/support-child-circle/donate/> or contact us directly to discuss the best way for you to make a donation. **We thank you in advance for your generous contribution!** Every donation makes a difference and takes us one step closer to better protecting children in Europe.
